III-ACTIVITIES

Item 11:

Electronic Industries Association of Japan:

Registrant and/or staff reviewed, analyzed and reported on U.S. trade, market and industry developments respecting consumer electronic products, semiconductors and computers based on newspapers, trade publications, studies by private consultants, U.S. government publications, including review and analysis of all consumer electronics litigation and lobbying and other activities involving semiconductors, etc.

Registrant and/or staff monitored, reviewed and analyzed and advised client on pending bills and legislative actions thereon, primarily with respect to bilateral trade negotiation developments, reciprocity resolutions, antidumping, countervailing and GSP bills, and secondarily, with respect to commodity trade bills and chipmask bills.

With respect to chip mask legislation, reviewed, analyzed and advised client concerning administrative proceedings in Copyright and Patent and Trademark Offices. Reviewed, analyzed and advised on pending and anticipated legislative proposals concerning copyright status of home recordings, and advised on development and planning of public relations.

Reviewed, analyzed and advised on various bills introduced in Congress which contemplated a legislative solution to the home video and recording copyright infringement issue and monitored related federal court decision appeal to the U.S. Supreme Court and advised on development and planning of public relations programs.

Japan Automobile Manufacturers Association:

On the basis or review of trade publications and press and media informational flow and monitoring of congressional hearings on matters relating to automobiles, registrant and/or staff furnished summary reviews of developments both here in Washington and elsewhere in the U.S. of interest to the client and its members. Also attended and monitored DOT NHTSA Press conferences.

Registrant and/or staff reported subject matter, including developments within the U.S. auto industry, labor union activities and U.S. government relations with the Japanese government respecting the automobile issue. Also provided statistical data used by the firm in analyzing international automotive developments.

Japan Export Metal Flatware Association and The Japan General Merchandise Exporters' Association:

Registrant and/or staff provided general counseling and information services in connection with the importation and marketing of stainless steel flatware and other cutlery items, including customs duty matters and monitoring and analysis of recent escape clause determinations.

The Japan Pottery Exporters' Association:

Registrant and/or staff provided informational services on ceramic wares, including FMC shipping regulations and legal advice on contracts.

Onoda Cement Co., Ltd.:

Registrant and/or staff have provided general legal and informational services particularly bearing on U.S.-Japan trade legal and counseling services have been rendered with respect to the antidumping laws and antidumping investigations involving Japanese cement exports to the United States.
